Departmental Examinations

Enrolled students who wish to demonstrate learning that is equivalent to a Westmoreland credit course may request to be examined and have their learning evaluated by a Westmoreland subject matter expert. The examination method may be written, oral, skill demonstration, or a combination of all three at the discretion of the examining discipline. Students may only take departmental exams for the courses listed in the following section. If the student passes the examination, the course will be transcripted in the semester the exam is taken.

Students may demonstrate mastery of Westmoreland courses and obtain credit by taking examinations except for the following:

- Developmental courses

- A course for which a grade has been previously issued (A, B, C, D, F, N, I)
- A course which is a prerequisite for a course previously completed
- A course currently registered for

Students must complete the Petition for Credit by Examination form to apply. This form is available in the division offices and at the Student Information Center. A fee is charged for each exam. Passing the exam is recorded on the transcript with CR. Failure to pass the exam is not recorded. Departmental exams may be attempted only once per course. A student must earn a "C" or better to be awarded credit by examination.
