

Forensic Science, Certificate

School of Math, Science, and Engineering

Program Description

The Forensic Science Certificate is designed to provide additional skills for those who wish to become forensic investigators for a police department, law firm, insurance company or other investigative agency.

Program Learning Outcomes

Upon successful completion of this program, students will be able to:

- Analyze scientific evidence from crime scenes.
- Use scientific evidence in criminal investigations.
- Utilize skills as an expert witness in conjunction with other skills (lawyer, clinical lab technician, nurse, policeman, etc.).
